

# pH Lab

Name: \_\_\_\_\_

Directions: You will be testing the pH of 8 different substances using the pH paper provided. DO NOT SMELL THE LAB SOLUTIONS: EVERYTHING THAT IS CLEAR IS NOT WATER!!

1. Using a small strip of the pH paper, dip one end into each of the containers and record the pH in the chart below. Also label each as an acid or base.

	Swamp Water	Distilled Water
pH		
Acid or Alkali/Base?		
	Cola	Orange Juice
pH		
Acid or Alkali/Base?		
	Ammonia	Bleach
pH		
Acid or Alkali/Base?
